DEADLINE FOR SUBMISSION: AUGUST 5, 2019

# International Perinatal Bereavement Conference 2020

## Call for Proposals Outline

### I. Introduction

The International Perinatal Bereavement Conference (IPBC) is a major educational and networking event expected to draw more than 400 professionals and parent advocates interested in perinatal bereavement care. This 3.5-day conference includes one day of pre-conference presentations followed by 2.5 days of plenary, concurrent, and networking sessions.

The 2020 PLIDA Education and Planning Committees seek concurrent and poster presenters for the 22<sup>nd</sup> Biennial International Perinatal Bereavement Conference September 30 – October 3, 2020 at the Drake Hotel, Chicago, IL. Presenters are invited to share evidence-based clinical practice, research, and experiential opportunities with an interprofessional audience. Attendees will include clinicians, researchers, educators, and parent advocates (e.g., nurses, social workers, chaplains, physicians, genetic counselors, mental health providers, child life specialists, care coordinators) whose work involves women and families experiencing miscarriage, stillbirth, newborn and infant death, and babies diagnosed during the mother's pregnancy with a life-threatening condition.

The Conference Planning Committee is seeking submissions for concurrent session presentations and posters that reflect the conference theme *Join Us in Chicago: Uniting Relational Aspects of Perinatal Bereavement Care and Clinical Research*.

### II. Conference Objectives

- Explore relational aspects of perinatal bereavement care.
- Describe innovative clinical and advocacy implications in caring for families when their baby dies.
- Develop skills for working within an interprofessional team when providing care for bereaved families.
- Describe principles and practice of self-care.
- Discuss transformation and other concepts related to processes of grieving.
- Provide opportunities for relationship building among clinicians, researchers, educators, caregivers, and parent advocates.
- Discuss ways of translating research findings into clinical practice.
- Explore ways of increasing inclusivity and encouraging diverse populations and experiences among perinatal bereavement patients and care providers.

### III. Review Criteria

Members of the Education and Conference Planning Committees using these criteria will review proposals:

- Topic is innovative and relevant to perinatal bereavement care.
- Submission focuses on one or more of these areas: clinical practice, research, education, and/or advocacy.
- Time allocation and presentation content are well organized.
- Presenter has appropriate and relevant presentation experience.
- Learning objectives are measurable (i.e., using verbs such as discuss, describe, list, explain and avoid the verb "understand").
- Participants are likely to have significant interest in the session.

## IV. Speaker Requirements

- **Speaker and Poster Presenters are required to register for the main conference.** Preconference registration is optional.
- Poster Presenters are expected to be at their posters and available for questions during specified times.
- Presentations will be scheduled on either October 1, 2020 or October 2, 2020. We are unable to accommodate specific requests for presentation scheduling, so speaker must be available on either date.
- In gratitude there is one \$80.00 registration discount **per proposal** that is accepted as a concurrent or poster presentation.
- Submissions with more than one speaker will receive only **one** discount to be shared among presenters.
- Submission is limited to a maximum of **2 speakers** per proposal. All speakers are required to register for the main conference.
- Speakers and Poster Presenters are responsible for all travel and lodging expenses, including parking.
